SUMMARY

I am an experienced Graphic Artist accustomed to work in a production environment. I am very flexible and eager to learn new technologies, having completed a certificate thru UCI Extension in the area of Web Design and Development, I believe I have acquired a solid foundation in HTML5, CSS3 and Javascript. Please check out my portfolio to assess my skill level. I am also an experienced user of the Adobe Creative Suite; my Illustrator skills go back to the 80's. I am also fortunate to have drawing and painting skills. I am a print and web graphics professional with a desire to work with a company that can benefit from what I can offer.

SKILLS

- **Adobe Creative Suite CC 2015** Specializing in Illustrator, InDesign, Photoshop and Acrobat to deliver graphics for Web and Print.
- **HTML5/CSS/Javascript.** See the sites section on my portfolio
- **jQuery/Ajax/PHP** Ego sum so so on this... I got the book and the lessons!
- **Traditional Drawing** Pencil, airbrush, calligraphy
